CLASS DESCRIPTION

Hatha yoga

Focuses on physical postures, breathing exercises, and relaxation techniques. It is often slower-paced, making it accessible to beginners and great for stress relief.

Vinyasa yoga

Each movement is synchronized with an inhale and exhale, creating a smooth, flowing sequence of poses. It is suitable for those who enjoy a more active, energizing approach to yoga.

Restorative yoga

Slow-paced style of yoga that focuses on deep relaxation and stretching. Poses are held for several minutes, allowing the muscles to relax and the connective tissues to stretch and release tension. It is a calm and gentle practice and ideal to calm the mind after a long active day.

Ashtanga Yoga

A powerful and rhythmically flowing practice that links each movement to the breath, creating internal heat that purifies the body while improving flexibility, stamina, and focus.

Sun Salutation Flow

A flowing series of 12 yoga poses performed with mindful breath, celebrating the Sun as a source of vitality, clarity, and renewal.

Partner Yoga

Designed for couples to deepen connection, build trust, and cultivate shared presence. Through playful and supportive partner-based postures, you'll listen to one another, strengthen communication, and foster closeness both on and off the mat.

Sound Healing Meditation

Experience a calming meditative journey guided by resonant sound vibrations designed to align your energy, quiet the mind, and melt away stress.

Dancing Meditation

A guided, free-form movement practice that releases energy and deepens your connection to breath and body awareness.
